

## #21 *The Light and the Dark*

*The Light and the Dark met to plan the creation of the world. The Dark suggested, “Why don’t we compromise. The world can have a blend of half-darkness and half-light.” But when they tried this, the whole world was grey. Then, the Light got an idea, “I know. We can each keep our true nature and take turns being seen in front or behind!” “I don’t know if I will like this plan,” complained the Dark, “but I guess I will suffer through trying it out.” So the darkness of space went behind the light of the sun, and through the air appeared the blue sky of day and the black sky of night. Next, the light of the sun went behind the darkness of the air, and in the sky there appeared the yellow of day and the red of sunset. “Look what has been born of our deeds and suffering!”, cried out the Light, with tears in her eyes. In the end, both the Dark and the Light were satisfied as they stared into the skies at their child. They had created COLOR.*

## *Triangle*

*I saw a point  
Opposing mine.  
It stood at the other  
End of the line.*

*We sought to blend  
In a compromise;  
But only found  
How dreaming dies.*

*We both looked up  
and to my surprise,  
A third point rose  
To reach the skies.*

*TRINITY IS A BIRTH, NOT A COMPROMISE*
