

What if we are made of *Electromagnetic Fields* ... Is this a clue as to why we are here?

Guiding Objectives: 1. **IF** E&M fields are always together, and 2. everything you SEE, TASTE, HEAR, FEEL, & SMELL is EM, and 3. your consciousness creates EM Fields ...

THEN, therefore, you are creating the world!

Course Outline: According to four books by Bruce Lipton (2005, 2006, 2014; 2009), our next stage of evolution is to become one, big, cooperative community of humans! But how?

It's a matter of **1, 2, 3!**

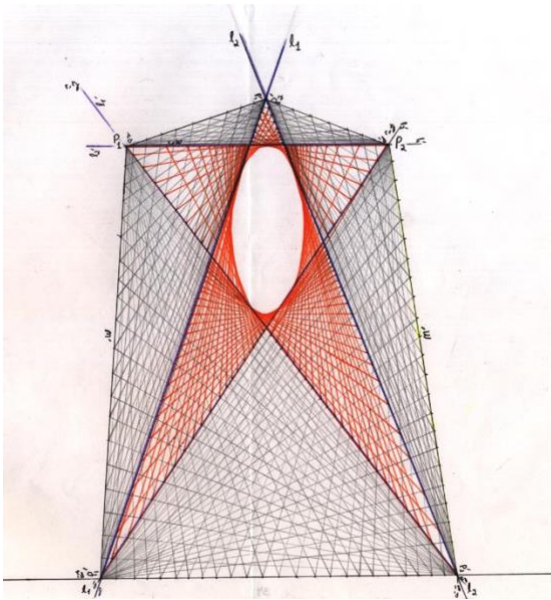

- 1.** Check out the shape/geometry of **Electromagnetic Fields**.
- 2.** Decide if things **Above** can teach us about things **Below**.
- 3.** Compare ***Evolution 5 Ways!***

1. Geometries ... Matter is formed by Geometry ...

_____ **Geometry** is
shape of inorganic,

good at showing the
physical objects.

_____ **Geometry** is good at showing
projections of light and the non-physical.

_____ **Geometry** is good at
shape of Electromagnetic Fields
growing things.

showing the
and organic,

2. *As Above, So Below ... Let's compare Big to Small ...*

Can we learn about the **Leaf** from the _____?

Can we learn about the **Cell** from the _____?

Can we learn about a **Human Life** from a _____?

3. Evolution 5 Ways!

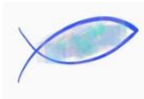

1. The Evolution of **All** of the _____

... always repeats the fractal pattern: **Single Cell** to **Multiple Cell** to **Community**.

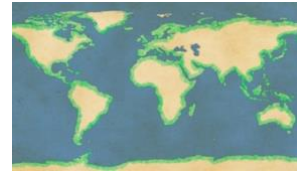

2. & 3. The Evolution of **All** of the _____

... compared to ... *The Evolution of **Humankind***

All Species _____ **Humankind**

_____ ... Mariculture / Fishing

_____ ... Agriculture / Farming

_____ ... Machines / Industrial Revolution

_____ ... Corporations / Big Business

_____ ... Aviation / Earth Seen from Space

... One, Big Community / Nurturing, Cooperating

4. & 5. *The Evolution of* _____

... compared to ... ***The Evolution of One Human's Day***
