

# Entropy 2

Copyright © 1987-2021 John Bickart, Inc.

i heard everything is falling apart  
they call it entropy  
but as for me  
i see more order  
wherever there is thought

also beauty  
wherever there is beauty  
there is more order

who put the beauty here?  
is it the same ones who put the thought here?

I am going to think beauty  
and order the universe

- John Bickart
